

ALBANY CONTRACTORS CURRENTLY UNDER CONTRACT WITH GAPS

We are extremely pleased with the number of local contractors that have bid the projects and the report we are receiving from the prime contractors awarded contracts that many of the firms supplying materials and labor are from the local area. We will report the specifics once we receive sub-contractor and material supplier lists.

The following list of local vendors who are currently working on the projects.

LOCAL CONTRACTOR BIDDING OUTREACH

We have received contractor feedback that the contractor outreach is continuing to produce tremendous interest amongst the contracting community. Recently, we received feedback from a contractor who attended the Lafayette Elementary School sub-contractor open house who said that they no longer utilize Daily Journal of Commerce to find projects to bid, the trade paper of statewide distribution, but attended because of our email notification. One recent project notification was sent to over 300 contractors, over 250 people opened the email and 175 downloaded the bidding documents.
